High Old Spanish Mines.
SIERRA MORADA, Mex., Nov. 22.—Felix Payson and George Brill, two American prospectors, have discovered an old Spanish gold mine sixty miles northeast of here, and from samples of the ore it is believed the mine is one of fabulous richness, worked a century ago.

THE INAUGURAL BALL It Will Undoubtedly Be Held This Time.

NO BUNCOMBE IDEAS OF REFORM Will Prevent Republican "Sublimities" from Dancing at the Statehouse.

Governor-elect Morrill has not yet said what he wants in the way of inaugural ceremonies, but there seems to be a disposition on the part of the Republican leaders to have the most elaborate inaugural display ever witnessed in Kansas.
It is now proposed to have an all-day jollification, with a big outdoor parade, and if the weather will permit have Governor Morrill inaugurated on the south steps of the state house, where all the people in Kansas who come to Topeka for that purpose may witness the proceedings.

Many of the leading Republican papers over the state have already spoken in favor of an inaugural ball, and in commenting on the action of the Populists two years ago in refusing to have an inaugural ball, the Emporia Republican says: "Kansas has had enough of this cant and hypocrisy about the common people. Let us have as much jollification out of the victory as possible."

Two years ago the local Populists who had charge of the inaugural ceremonies held a meeting, December 5th, in the Spiritualist hall, 1313 Kansas avenue, and resolved against an inaugural ball. C. C. Clemens captured that meeting, although there was a large attendance of local "reformers" present. Mr. Clemens introduced a set of resolutions which pleased everybody and they were passed without opposition and it was decided not to have an inaugural ball.

The resolutions read as follows:
Resolved, That the recent political victory was won by the plain people of Kansas, and was a victory against mammon worship in all its forms; was in truth but one battle in the irrepressible conflict between the people and all that greed, which finds its most alluring exponent in fashionable society, with its ostentatious display of power, and spends money for trifles, while those who earned it starve. Inaugural ceremonies carried on by fashionable society and under its ostentatious display of dress and expense, would be exceedingly inappropriate, and highly distasteful to all friends of genuine social and political reform. And further,Resolved, That the plain people of Kansas who elected the new state officers, cannot look on with anxiety upon any indication that their officers have submitted to the allurements of that fashionable society which represents all the enemies of the common people and based upon wealth gained by monopoly constitutes a dangerous lobby about the officials it may secure in its meshes; therefore, be it

Resolved, That we are opposed to any ball as a part of the ceremonies of inauguration.
The local Republicans now propose to make the inaugural ball a grand affair and let the proceeds go to the Associated Charities.

CLEMENS OUT OF POLITICS He Is Going to Emulate Deuster and Preach Pure Socialism.

G. C. Clemens says he is out of politics and proposes from this time on to have nothing to do with any political party. To a STATE JOURNAL reporter he said: "I intend from this time forward to stay out of politics and give my attention to advocating pure socialism. Judge Frank Deuster was at my home not long ago, and he is also disgusted with the prospects of accomplishing anything through any political party and will stay out of politics and preach socialism hereafter. Since there are so many preachers going into politics I have made up my mind that some of us ought to go out of politics and give our attention to preaching."

"I was not surprised that the Populist party was defeated at the recent election, as there is no doubt about their being a deep laid plot to turn the Populist party over to some of such poor laboring men in the interest of silver as Mr. Stewart of Nevada."

"I did not make a single speech during the campaign under the direction of the state central committee, although I answered every call from the county committees."

"After I had made several speeches the state committee tried to get me to go down and talk to the miners in Cherokee and Crawford counties, but I refused to go. I am clear of politics now."

ONLY ONE APPELLATE COURT Is Proposed by Senator Parker to Sit at Topeka.

The suggestions made by Chief Justice Horton about the establishment of an appellate court to relieve the supreme court of much of its work, has set all the lawyers in Kansas talking about the matter and the members of the legislature and state senate are trying to figure out how the courts are to be established.
State Senator J. W. Parker of Olathe, one of the members of the senate who is a lawyer, was in Topeka today looking up some legal matters in the state law library.

In a STATE JOURNAL reporter Senator Parker said: "The people of Kansas seem to have made up their minds to have two appellate courts, or one court with two divisions. For my part I think one court established at Topeka would be much preferable. A court established here would have the advantage of a state library and one established court could do the work of two courts moving from place to place and holding their sessions."

"It has been suggested by Senator Sherman that two courts with the same jurisdiction would be likely to conflict in some of their decisions, and that would be avoided by an established appellate court located at Topeka."

"There seems to be a strong sentiment in favor of an appellate court with two divisions, the judges of which will travel around and hold court in several places. In the eastern division Fort Scott is determined to have a court and in the western division Wichita and Garden City want the court. The plan seems to be to have the court of each division sit in about three different places."

HE NAMES BRISTOW.
Major Morrill Appoints J. L. Bristow for His Private Secretary.

The first appointment made by Governor-elect Morrill is that of private secretary.

RETURNS NOT RIGHT. Five Republican Counties Whose Returns Are Not According to Law.

Five Republican county clerks have absolutely refused to send the election returns from their county to the secretary of state in the way requested by Secretary Osborn, and their refusal is likely to make serious trouble.
Heretofore the county clerks have simply sent to the secretary of state an abstract showing the total vote cast in their county for each candidate, but this year the secretary of state sent out blanks and asked each clerk to send a complete abstract showing the vote as cast in each voting precinct.

Most of the county clerks cheerfully complied with the request of the secretary of state, who constructs the law to mean that such an abstract shall be furnished and bound in a large book kept for that purpose.
The county clerks of Phillips, Riley, Rush, Sumner and Thomas counties, not only refused to comply with the request, but they sent in the old fashioned abstract by registered letter, so that the secretary of state would be compelled to receipt for them, before he would open the letters to see what had been received.

Attorney General Little has given an opinion on the matter in which he says the request of the secretary of state is in accordance with the law and these county clerks must comply.
A copy of this opinion has been forwarded to each of the five county clerks, and if they still refuse to forward the required abstracts, some trouble will be caused. It is understood that the state board of election canvassers will refuse to certify to the election of any of the candidates until these abstracts are before them.

The county clerks are all Republicans and their addresses are as follows: I. D. Thornton, Phillipsburg, Phillips county; Charles G. Wood, Manhattan, Riley county; W. J. Hayes, La Crosse, Rush county; Charles Sadler, Wellington, Sumner county; and J. M. Stewardson, Colby, Thomas county.

Sumner county has not yet reported, but the law gives the clerk twenty-five days after election in which to make his report. If the returns are not in when the state board of election canvassers meet next Monday they will adjourn from day to day until the returns are all before them.

Judge Foster has refused to make an order to commit Mark J. Oliver of Wichita for contempt of court. Oliver refused to answer questions in taking depositions.

WENT THROUGH TOPEKA. The Chicago Board of Trade on Its Way to Waco, Texas.

Probably the most distinguished party of gentlemen that has ever visited Topeka was in the city at the Rock Island depot this morning at 9 o'clock.

The party was the Chicago board of trade, on its way by special train to the cotton palace at Waco, Texas. From there it will go to Galveston and return to Chicago by way of the Santa Fe.
The train was of Pullman equipment and consisted of five sleepers, two dining cars and one baggage car. There were 105 people on board and they were all men. The baggage car was full of good things that we only hear of in Kansas and the excursionists were having a world of fun. At Chicago they say it was the finest looking lot of excursionists that ever went out of that city. They were most of them past or about middle age. Several of them had their kodaks along and took snap shots of the depot and other buildings. They were here about fifteen minutes. The Rock Island is getting the train along at the rate of about forty-five miles an hour.

Fannie Riley has sold to Pierre Casad fifty feet of ground in block six in Parkdale for \$300.

The Ex-County Superintendent Falls Off a Shed, and is Badly Injured.
Ex-County Superintendent Josiah Jordan was badly hurt this morning at his home two miles south of the city. He was working on the roof of a shed, when he lost his footing and fell to the ground. He was unconscious for more than an hour, and it is thought he was injured internally. It is not known whether his injuries will prove fatal or not.

SI JORDAN HURT.
The Ex-County Superintendent Falls Off a Shed, and is Badly Injured.
Ex-County Superintendent Josiah Jordan was badly hurt this morning at his home two miles south of the city. He was working on the roof of a shed, when he lost his footing and fell to the ground. He was unconscious for more than an hour, and it is thought he was injured internally. It is not known whether his injuries will prove fatal or not.
